## **ADP Tops Category Again on FORTUNE's List of the World's Most Admired Companies**

### **2015 Marks Fifth Time in Six Years on Top in Financial Data Services**

**ROSELAND, N.J. - February 19, 2015** - ADP®, a leading global provider of Human Capital Management (HCM) solutions, today announced that it has been recognized as the #1 company in Financial Data Services on *FORTUNE*® magazine's "World's Most Admired Companies" list for 2015.

This marks the ninth consecutive year that ADP has been recognized on *FORTUNE*'s annual ranking of "Most Admired Companies" and the fifth time in the past six years that the company has occupied the top spot in its industry category.

"Ranking at the top of our category on the *FORTUNE* "Most Admired" list, as recognized by our peers, illustrates that ADP is successful not only for the solutions we provide, but for the trust we instill," said Carlos Rodriguez, president and CEO of ADP. "Clients trust us to help them maximize their most important asset, their people. Successfully fulfilling this responsibility is the result of the drive and commitment of our 52,000 associates around the world."

The *Fortune* "Most Admired" list is the definitive report card on corporate reputations. Each year, *FORTUNE* magazine partners with Hay Group to conduct an annual survey of executives, directors, and analysts who are asked to rate approximately 1,400 companies on nine key attributes of corporate reputation. Only the top five companies in each industry category are ranked as "Most Admired Companies." The complete list appears in the March issue of the magazine, which appears on newsstands February 23. It can be viewed online by selecting Financial Data Services in the [Industry tab under "Filter."](#)
